Zombie Invasion Camporee Event Information

Friday Night Arrival - October 15th

There will be a special arrival procedure for this Camporee, so please plan your arrival to occur between **6:00 PM and 8:00 PM Friday night**. **No early arrivals, please!**

Troop Gear List

The Troop Camporee Gear List is contained in this handbook, for distribution to your Troop.

White T-Shirts Required - No Class A Uniforms

Due to the nature of a Zombie Invasion, there will be some fake blood and other substances getting on the Scout's clothes during the nighttime event. Each Scout should bring a 'disposable' white T-Shirt, that they won't mind getting stained with 'fake blood'. This can be picked up at a thrift shop for a couple of dollars, or on sale at Pennys or K-mart too. Pants or coats worn during the event may get fake blood on them as well, so please don't send the 'nice' stuff to camp this weekend. Painting clothes are appropriate for this event. We will not be requiring Class A uniforms to be worn during the weekend, so please leave them home.

Troop Meals

Each Troop will be responsible for providing Saturday Breakfast and Dinner, and Sunday breakfast. There will be a cracker barrel on Friday and Saturday nights, and **Saturday lunch will be provided by the event staff for Scouts and registered adult leaders.**

Fire Building Kits

Each Patrol is required to bring a one-gallon Ziploc bag, containing enough tinder, kindling and other wood to start a small fire. This will be used to compete at one of the stations, so don't forget this important item.

Frequently Asked Questions

We have posted a FAQ's page on the event website. Please take a look & see what is new.
<http://www.zombieinvasioncamporee.com>

Trading Post

The Trading Post will be open during the afternoon on Saturday. They have candy, peanut stuffed pretzels, beef jerky, pop and frozen pizzas, as well as Hahobas T-shirts, water bottles, knives, etc. for sale.

- Breakfast at Troop Sites
- 9:00 AM: Meet at Karlinsey Field. Trash sweep of Twana Loop, Station breakdown assisted by Troops.
- 10:00 AM: Check Out when released by Station Masters, receive patches

Friday Night Check In: Quarantine and Isolation

The weekend begins at 6:00 PM sharp, with the gates of Camp Hahobas opened for the select few Troops who have gained clearance to enter. Military personnel will be guarding the gate, to prevent unauthorized visitors from entering camp.

A 'screening' process will be held at Swan Lodge, where the Scouts will be evaluated for the zombie virus. Once cleared, the Scouts will proceed to their campsites to set up camp.

At 9:00 PM, an 'All Camp' briefing will be held for all youth and adult participants. The details of the weekend's activities will be shared at that time.

Saturday Daytime Event: Zombie Survival Training

The daytime event will consist of learning zombie survival skills, at a number of various activity stations. These skills will be used during the evening event, to ward off the approaching zombie hordes.

Saturday Nighttime Event: Zombie Invasion

The nighttime event will be the Invasion of the Zombies. The shelters, fences, traps and other items built during the day in the Twana Loop road will be used to combat the Zombie Invasion during the evening program.

The game will be played in and around the Twana Loop road area. Details of the actual event will be shared with the Troops during the Friday night briefing.

The invasion lasts until either all humans are infected, or until all zombies are defeated. If neither happens, the event ends at 10:00 PM.

A cracker barrel will follow at Fruitcake Lodge at 10:30 PM, followed by lights out at 11:00.

Sunday Event: Cleanup and Recovery

The shelters, fences and other items built during the previous day will be taken down, and all equipment removed before Troops are allowed to leave camp. All patrols will sweep the battle area, breaking down their structures and shelters, and returning all materials to the scout craft area. Each Troop will be assigned an area, and the Station Master must sign your release form before you may leave camp, and collect your event patches.
